BETTER ROADS FOR SOUTHERN COUNTRY

Through the effects of Senator E

W. Griffith of Clark county the taxpayers of that section are going to ave the best roads in the state and they are not going broke it toguiring the improvements either The senator dropped in on Tonopal his morning en route from attending he legislature and modestly tolconething about what had been as emplished For a trifle of \$3500 the ught of way was secured from the Las Veras & Tonopan for the entire listance of that nood from Goldfield to Las Vegas. This is to cover the of culverts and other improve ments which will not be removed by be company in scrapping its line The road will be open for traffic I 60 days. Clark county is already en with the use of another abandons that of way over the old shoo fly o the San Pedro line near Goodspring and other work is projected to brim usiness to the county seat.

Senston Griffith was one of th turdiest opponents of the practice of the legislature dealing with ar endless for of county measures such es adjustments of salaries and he exponsible for passing a bill which vests county commissioners with for lower to regulate salaries and other matters in their own Jurispradence The triffing nature of the demands in the time of the legislature may be interced from the single exper ence where time was taken up in a man to cur the lawn around the ourthouse at Winnemucca and fix

NO ROADBUILDING

long without an improved highway this year, according to reports from Carson City which state that the contract awarded L E Birney. mayor of Pailon, for building a highway from the eastern end of Tonopah for a distance of 14 miles to wards the Toyalbe forest reserve. has been cancelled and fresh bids will be advertised. The reason for this action is the belief of the highway commission that the price was entirely too low for the contractor to carry out his agreement or come near living up to specifications. This neans that the work cannot be com pleted until some time next fall
